JRC & COVID19

During this unprecedented situation we have migrated all our operations to remote working and continue to provide all services to our Members as would be the case under normal operational conditions.

We have suspended access to our Coventry and London offices except for essential activities.

We are using teleconferencing facilities to co-ordinate activities both internally and with our Members. All face to face meetings have been cancelled at this time.

We continue to monitor and respond to the guidance from Government and will adjust our operational capability in line with this guidance as it evolves.

If you have any questions, please do not hesitate to contact me.
